Cookie Policy

Welcome to HELP Educational Games, please read these details carefully as you agree to be bound by them, whilst using the HELP Educational Games Website.

How Do We Use Cookies?

We place a cookie, which is a small text file, on to your computer's hard drive through your web browser. This file enables us to enhance your future visits to the site through personalised greetings, the showing of relevant content and the storage of previously found items of interest.

All we can do to the cookie is write data to it. We can't make anything run on your PC.

It is also a tool we can use to aggregate usage statistics about the site. This information enables us to recognise popular site features and further develop new ones, adding to the overall shopping experience of the site. We never share any of this information outside the company.

If you choose to delete HELP Educational Games cookies or do not have your browser set to accept cookies from HELP Educational Games, you will still be able to view the site, however you will not experience a personalised visit nor will you be able to benefit from other personalised site offerings.

About cookies

Cookies are small text files sent by web servers to web browsers and stored by the web browsers on your own computer.

The information is then sent back to the server each time the browser requests a page from the server. This enables a web server to identify and track web browsers.

There are two main kinds of cookies: session cookies and persistent cookies. Session cookies are deleted from your computer when you close your browser, whereas persistent cookies remain stored on your computer until deleted, or until they reach their expiry date.

Cookies on our website

helpgames.co.uk uses the following cookies on this website, for the following purposes:

- Remembering not to ask you repeatedly if you would like to sign up for our newsletter.
- Remembering if you have agreed with our cookies policy.

Refusing cookies

Most browsers allow you to refuse to accept cookies.

In Internet Explorer, you can refuse all cookies by clicking "Tools", "Internet Options", "Privacy", and selecting "Block all cookies" using the sliding selector.

In Firefox, you can adjust your cookies settings by clicking "Tools", "Options" and "Privacy".

Blocking cookies will have a negative impact upon the usability of some websites.

If you require any further information on our use of cookies, please contact us on

Calls to 03 numbers are inclusive from landlines and from mobiles. If you haven't got any inclusive minutes, or they have run out, these calls are charged at a per-minute rate, often known as "geographic rate".
Ofcom regulations require phone providers to treat calls to 03 numbers the same as calls to 01 and 02 numbers. This applies whether you call from a landline or from a mobile.
